in attendance on the meeting of the stock holders and Horseman.

Montana has scored four victories on the eastern turf since the season opened. Each of the victors have been bred here. They are first, Hamlet, at Memphis, April 23: Deer Lodge at Nashville on two occasions, the latest being a victory on last Thursday. Both of these horses were bred by Kohrs & Bielenberg, of Deer Lodge. The fourth and greatest victory was Spokane's success in the Kentucky Derby. Thus early in the season have Montana breeders crowned themselves with glory, with the returns not all in yet. Noah Armstrong satisfied his highest ambition in that event, but he is assured for some time been extracting ore from it. On the other hand, President Clark, of the Bi-Metallic, loses no opportunity to throw discredit on the theory that the Elizabeth and Bi Metallic veins are identical. It is stated that the new deal is assured of consummation, however, and that \$425,000 shares of the West Granter Company on Saturday. Many conjectures have been advance \$150,000 to the company in order to secure a controlling interest in the property. One of these is to the effect that the Bi-Metallic pole have explored the Elizabeth mine through their workings and have for some time been extracting ore from it. These events that have transpired have awakened a lively interest in turf matters in Montana and will have the effect of urging breeders to raise only the finest horseflesh that can be had. For several years it has been maintained that Montana would prove the kome of the greatest speed horses of the world, and gradually but surely she is forging to this proud position. In the speed record of the American turf she is already credited with three performance of Jim Miller, who ran a quarter at Deer Lodge, Aug. 6, in 21½ seconds. The second was at Helena, last Fourth of July, when Baniel B., 6 years, by Glen Elm, ran a three-eighths dash in the spiendid time of 3½ seconds. The condition of the conditions.

A. Coquard yesterday created a sensation among the brokers by bidding \$1.17½ for 2,000 shares of West Granite, and for 100 shares of West Gran did time of 31½ seconds. The other best performance on record, of running heats, two in three, was made at Helena Aug. 22, at the last meeting of the Montana Agri-cultural and Mineral association, when Scarff is running the finest restaurant on Grand street that has ever been in Helena Bogus, (aged) by Ophir, (aged) carrying 113 pounds, ran a haif mile and repeat in 48
